SUPPLEMENT
AUTUMN 2022

AUTUMN 2022 SUPPLEMENT

After a couple of challenging years for new product development, Elstead Lighting are delighted to finally introduce more than 300 products into the collection in our autumn 2022 supplement catalogue. Many of the products are already in stock and some still to land over the next couple of months.

You will find a great selection of modern and traditional styles for the living, dining, bathroom and outdoors. Also we have introduced some of our top selling models in additional finishes.

The Elstead master catalogue is still dated 2019, the various supplements that have been launched will be collated, and the updated Master catalogue will be launched in the spring of 2023.

PARTNERSHIP

We share the passion and love of great design with all of our customers, and wherever we are in the world, we find the same reaction and enthusiasm to great design. Often from historical influence, vintage and retro, regularly with style and flair, and always with attention to detail and quality, it is with these elements that products are crafted and created. Whether it is from an Elizabethan English country manor, a Venetian terraced villa or a 1920's Parisian town house, from original fittings, architectural features to sculptures and metalwork, we find influence from all around us.

HINKLEY

Founded in 1922 and based in Cleveland, Ohio; Hinkley are on their 4th generation family ownership. The Hinkley collection has both a classic and contemporary feel to the product ranges, many represent what is classed as "transitional" styling, and are always made to the highest quality and design.

KICHLER

Cleveland, Ohio based and founded in 1938, Kichler are a large company held in high regard by their customers for the diversity of design and breadth of range. This includes some truly striking and often substantial pieces for grand interiors and exteriors of residential or hospitality establishments.

FEISS COLLECTION

In 1955, Murray Feiss started his company offering a small assortment of porcelain figurine lamps topped with his mother's hand-sewn lampshades. Discerning consumers soon began to seek out the quality and unique nature of these designs. Now greatly expanded, Feiss continues to maintain the highest standards for materials and workmanship.

QUOIZEL LIGHTING

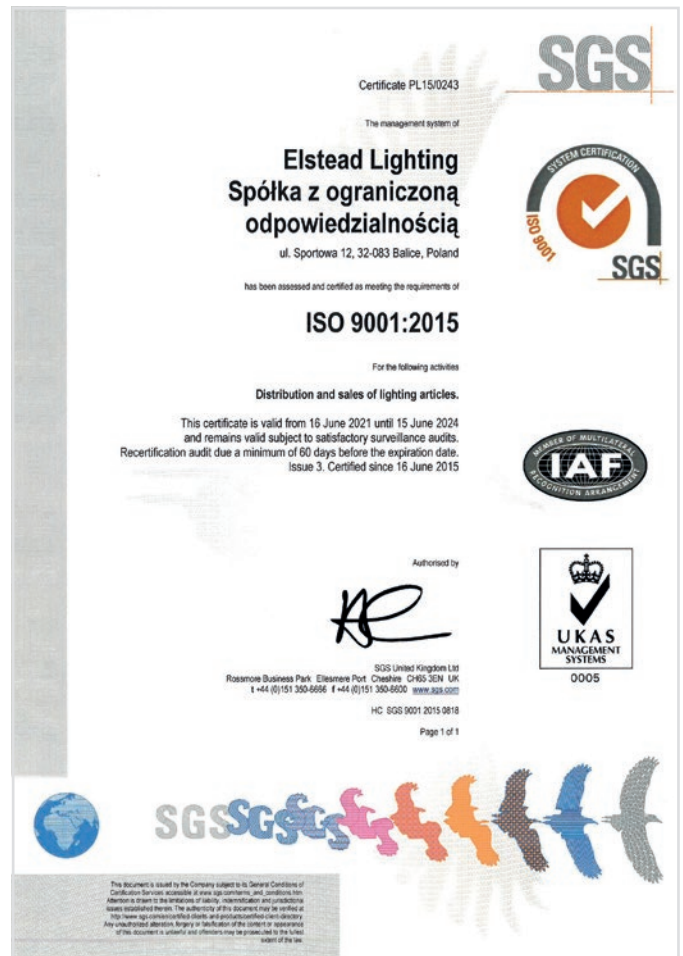

Based in Charleston, South Carolina, Quoizel was founded in 1930 and has since built a reputation for its diverse and unique product range, often engaging well known freelance designers to help with bringing fresh styles to the marketplace. Quoizel are well known for their use of natural materials and art glass, as used in their Tiffany Collectibles range, inspired by the great originator Louis Comfort Tiffany.

LITEC LED LAMPS, SAFETY & COMPLIANCE

SAFETY & COMPLIANCE

Safety is paramount with all lighting, and especially when used in the bathroom. All of the products within this catalogue are manufactured to be safe and fit for their intended purposes. All products are CE compliant and are fully inspected and tested for electrical safety and function.

They are all constructed to **EN 60598-1:2015** standards and all bathroom and outdoor models are IP rated to ensure suitable protection against the ingress of water. The company is also certified **ISO9001** compliant in both of our major European locations to further show commitment and competence in the manufacturing and supply of safe and reliable product.

LITEC LED LAMPS

The majority of our interior fittings use E27 or E14 lamp-holders, which makes them suitable to use retrofit LED lamps. The Litec range offers an LED lamp solution for every such fitting in this catalogue. Using the latest LED filament technology, these energy efficient lamps offer good lumen output, look stylish with their retro vintage influences, yet run at a cool temperature and have a 25,000 hour life expectancy. Most bathroom fittings are supplied with Litec G9 LED lamps.
