SPRING 2023

NEW PRODUCT LOOK BOOK SPRING 2023

We are delighted to launch another batch of new product for Spring 2023. This “look book” is designed just as a preview of the new models that will be launched later this spring in the Elstead Lighting 2023 master catalogue.

You will find a great selection of modern and traditional styles for the living, dining, bathroom and outdoors. Also we have introduced some of our top selling models in additional finishes. Look out for the new MILO and ISLA table lamp ranges with shades in 2023 trending colours.

Some stock has already arrived and many new models will be built over the next few months. See the price list for expected delivery dates.
