QUINTIESSE®

ACCORD LIGHTING

Accord are a Brazilian company that designs chic and sophisticated lighting products that use teak wood veneer with FSC certification, (this means that they are harvested by responsible and sustainable sources).

The wood grain is different in each fixture, meaning that every Accord fixture that you own is unique.

Accord strikes the perfect balance between tradition and innovation with a production process that combines high-tech equipment with irreplaceable manual work, involving the thorough work of at least 30 skilled employees for each product. The result is the best wood luminaires in Brazil. Their dream is to bring light and sophistication to the whole world.
