LIGHTING COLLECTION

EDITION 3

QUINTIESSE®

WE ARE PROUD TO INTRODUCE EDITION 3 OF OUR QUINTIESSE COLLECTION.

The Quintiesse brand aims to bring products to market with unique and memorable designs and to create impact wherever they are installed. Within Edition 3, we bring many new eye-catching products using hand craft skills and premium materials that will bring presence to any installation where they are used.

Driven by our passion for creative design, special attention to construction detail and eye-catching lifestyle photography, we aim to inspire you and your clients to choose and use these wonderful fittings in this Quintiesse Collection.

QUINTIESSE – WHO ARE WE?

Quintiesse is a carefully curated, premium brand within the Elstead Lighting Group that seeks to bring together unique and memorable designs of the finest quality for the Design, Hospitality and Premium retail communities. Head-quartered in the UK but with mainland Europe and middle east presence, the mission of Quintiesse is to bring unique products that put design and quality front and centre of their existence.

Design and brand partnerships

The mission of Quintiesse was first and foremost to bring memorable products, uniquely made to our discerning professional clientele. As well as own created products, an added essential ingredient was to find and partner with other manufacturers and product designers around the world that created such unique products, but did not operate in the 220V to 240V regions. See pages 6 to 11 to read more but include some globally recognised brands.

Driven by our passion for creative design, special attention to construction detail and eye-catching lifestyle photography, we aim to inspire you and your clients to choose and use these wonderful fittings within this Quintiesse Collection.

Artisan craft and traditional methods

Despite so much technology employed in the manufacturing world today, the desire for craftsmanship, handwork and artisan skills has more interest now than before. The appreciation of the quality, the attention to detail, and the story behind every crafts-person that create beautiful products with passion brings a unique DNA to many of these products to bring pleasure to see and touch. This unique approach includes the choice of materials used as much as the craft in which these are created.

These artisan skills include mouth blown glass, hand thrown Terracotta, multi coloured, hand brushed paint finishes, chemically dipped and hand rubbed patinas, hand woven natural materials like Rattan and crackle glazed porcelain to name just some.

Quality and materials

When products are aimed at bringing unique designs, hand-craft workmanship and outstanding quality, the importance of construction and the choice of materials is equal to the craft they undergo. We have a team that work many hours collaborating with production to ensure that the choice and weight of the materials used are fit for what the final product will become. Creating great products involves a lot of drawings, prototypes, approving and sign-off to ensure the quality is of the level desired.

Once in production, online inspection, finial inspection and batch inspections are conducted to ensure a product that will both please and assure. Quintiesse and the Elstead Group have over 25 employed & dedicated staff involved in product management, quality control and final inspections of the products we offer. Both our UK and Poland operations are ISO9001-2015 quality certified, which is audited and issued each year.

Imagery and photography

Collectively across all the products and brands, we bring not only an amazing and unique collection of products together, but products that have an ever-expanding resource of inspirational lifestyle imagery. Additionally to this, we bring multiple studio images per model to share varying angles, lit and unlit as well as close-ups and creative shots. We are also building a growing library of 3D images with the plan to have all live models available with a 3D option. Collectively these assets are excellent for advertising and digital media uses.

Ethical and sustainable

Quintiesse, as part of the Elstead Group, is on a constant path to reduce waste, increase the use of recycled and recyclable materials, reduce plastics and to improve methodology to be more energy and material efficient. We pride ourselves in the engagement of working with artisans and craftspeople whose skill and craft are embraced and shared, in safe environments, with fairness and respect wherever in the world they may be located.

ARTERIORS

Throughout the years, Arteriors has aspired to design with distinction and purpose - challenging the ordinary. Their primary design muses remain form, scale, style, material, texture and palette. While honouring the artistry, storied techniques, and craftsmanship within their global factory base, pushing boundaries and daring for difference is Arterior's path, leading to original products that inspire their customers to create and furnish unique environments.

Whether your vision is for creating a warm, inviting living space, a secluded private oasis, or an avant-garde social scene, the Arteriors products in this catalogue are sure to boost your aesthetic.

CURREY & COMPANY

Currey & Company was founded in 1988 and is a designer and manufacturer of distinctive home furnishings, including lighting fixtures, lamps, accent furniture and accessories. Their reputation for innovative design spans the residential, contract and hospitality spaces, and Currey is found in interiors around the world.

They work with highly skilled artisans and craftspeople to manufacture their products. They could not achieve the look and feel of their multi-step hand-applied finishes without their immense design skills and craftsmanship. In addition, they source many beautiful materials found in countries where they have partnerships, such as India, Thailand and the Philippines, which in turn support traditional trades in those communities.

alora

Alora is part of the Kuzco Group, a Toronto based Canadian lighting company that was established in 2006 with a mission to create cutting edge design using the latest in LED technology.

Formed in 2019, Alora Lighting is an exploration of timeless elegance and luxury, which still aims to honour Kuzco's original mission. Each Alora collection embraces classical forms whilst embodying Mid-Century modern designs, using refined finishes, and superior materials.

Timeless Alora chandeliers, pendants and sconces bring exquisite illumination that complement designer spaces.

EUROfase

Eurofase, a Toronto, Canadian based brand is a distinguished leader in the lighting industry. They are renowned for their commitment to excellence, innovative solutions, and luxurious designs.

Founded in 1989 by Joe and Jack Bitton, Eurofase has established itself as a premium brand, delivering high quality, stylish lighting solutions to discerning clients throughout North America. Their Canadian heritage is a vital part of their identity, driving their commitment to quality, craftsmanship, and innovation.

The selection of models in this catalogue have been chosen to bring the best of Eurofase to markets that require 220v to 240v electrics through their partnership with Quintiesse.

HINKLEY

Founded in 1922, Hinkley from Cleveland, Ohio, recently celebrated 100 years with the 4th generation of family ownership now at the healm. The Hinkley collection has both classic and contemporary product ranges and many with transitional styling which have a design element from the past incorporating a modern twist. With a strong in-house design team they continue to design inspirational lights for interiors and the great outdoors.

FREDRICK RAMOND

Experience the exciting designs and unique details that Fredrick Ramond is known for. Conceived with an artisan sense of craftsmanship, the modern styles combine unexpected materials and cutting edge technology.

Established in 1965, Fredrick Ramond designs are now owned by Hinkley Lighting USA. This brand is chic and fashionable with a strong focus on modern elegance and luxurious details.

lisa mcdennon
COLLECTION

Lisa McDennon founded her Laguna Beach-based interiors firm, Lisa McDennon Design, in 2000. Inspired by the region's beauty, history, and culture, McDennon's distinctive style reinvigorates coastal California design.

The Lisa McDennon Collection offers a striking mix of edgy, sculptural silhouettes that incorporate modern, organic elements and luxe material, brought to life by her innovative and original point of view.

KICHLER

Established in 1938 in Cleveland, Ohio Kichler is renowned for its innovation and high-quality products. They have a large in-house design team creating on-trend lighting products that will bring your home and business alive.

Held in high regards for their diversity of design and breadth of range, Kichler have some truly striking and often substantial pieces for grand interiors and exterior establishments.

ACCORD LIGHTING

Accord are a Brazilian company that designs chic and sophisticated lighting products that use teak wood veneer with FSC certification, (this means that they are harvested by responsible and sustainable sources).

The wood grain is different in each fixture, meaning that every Accord fixture that you own is unique. They strike the perfect balance between tradition and innovation with a production process that combines high-tech equipment along with irreplaceable hand work. The result is the best wood luminaries in Brazil. Their dream is to bring light and sophistication to the whole world.

INDOOR LIGHTING

Our interior lighting collection is broken down into four categories. First, we feature sleek and refined modern designed fittings. Second, are products with a modern feel, but with obvious retro and mid-century inspiration. Third, are the fittings with a more unique, artisanal approach, many using hand-patinated finishes and natural materials. Finally, we have a collection of transitional styled products that are inspired by traditional design but embrace modern elements.

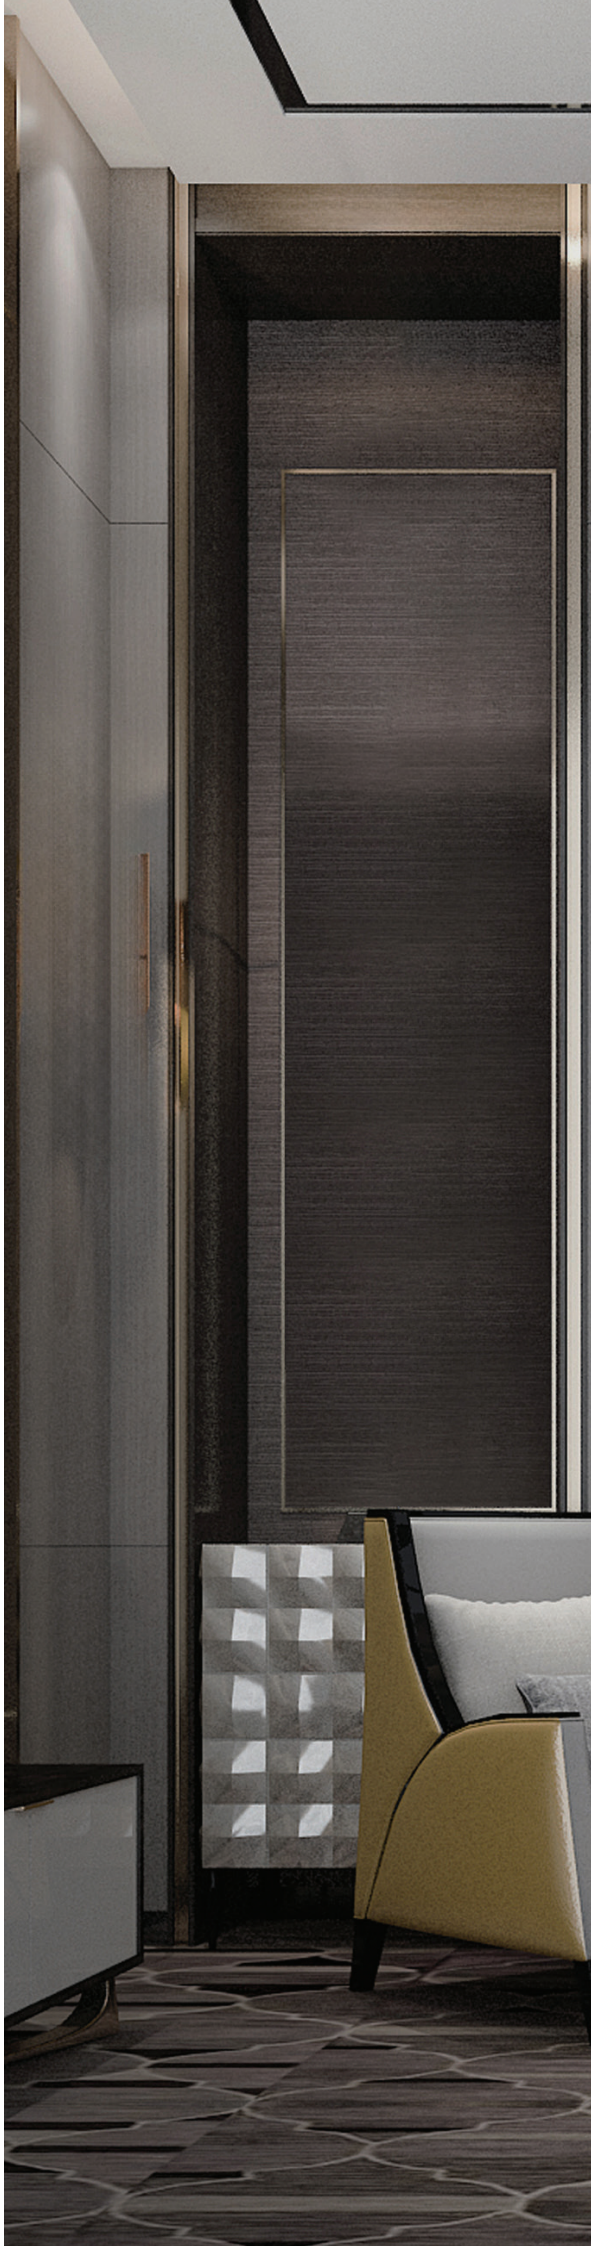

Whatever your requirement, the Quintiesse collection has a large range of beautifully designed lights to accent any interior space.

Kepler 7 lt LED Cluster Pendant
QN-KEPLER-7P-BG

CONTEMPORARY

The Contemporary fixtures in this collection have a smooth profile created with simple lines and curves to create subtle sophistication. The designs are minimal with no ornamentation or noisy textures.

This aesthetic emerged in the mid-20th century and has continually evolved to reflect the latest trends but typically it includes designs that are high on function and simplicity and low on fuss.

Seraph LED Chandelier

Aaron 1 lt Wall Light
QNA-AARON-1WB-BHB

AARON

This contemporary collection possesses a modern sensibility defined by a sleek style and masterly materials in two combinations. The heritage brass steel frame is wrapped in graphite leather and blends with a circular black marble base. The second combination has antique brass with cream leather and white marble elements, both options creating a beautiful balance between natural and refined elements.

Aaron 1 lt Table Lamp

Chance 3 lt Pendant
QN-CHANCE-3P-HB

CHANCE

There's everything to love about the classic shape of Chance's semi-flush mounts and pendant. Timeless, symmetrical and classic, its pedigree is an ancient symbol of good luck. Hinkley's design focuses on details such as rivets along the top and bottom cast frame and a functional light source that also illuminates for added sophistication. Chance is available in Blackened Brass or Heritage Brass finishes with an etched opal glass diffuser.

Skye 1 lt Pendant
QN-SKYE-1P

SKYE

Mesmerizingly asymmetrical with a mid-century modern flair, the Skye 6lt pendant showcases a cluster of clear, open globes, each encircled with a slender brass ring. Each opening is off centre and the globes fall to different lengths, with Heritage Brass details pulling the look together perfectly. Adjustments are easily made with the cinching ring, also finished in Heritage Brass. Designed by Lisa McDennon for Hinkley.

Kimrose 10 lt Linear Chandelier
QN-KIMROSE10-BNB

KIMROSE

The Kimrose collection is an Art Deco masterpiece. Its geometric shapes take centre stage in a gorgeous Brushed Natural Brass finish or Polished Nickel with Satin Nickel accents. The shades are clear fluted glass, meaning they're ribbed gently with vertical grooves to produce a subtle lighting effect. For lighting without the effect, simply remove the shades.

ARTISTIC

The lights in this collection have unique or unusual elements that are grounded in nature; be that in the sculpted shapes, or the artisanal materials and finishes used. Some products feature hand-patinated finishes which are slightly different from model to model, and others use natural materials. Each product in our artistic collection is designed to make a bold statement and bring an added layer of sophistication to your home.

Forest Dawn 8 lt Chandelier
QNC-FOREST-DAWN8-WLG

Forest 5 lt Large Wall Light
QNC-FOREST-5WB-WLG

Bismarkia 10 lt Medium Chandelier
QNC-BISMARKIA-10P-WH

BISMARKIA

The Bismarkia collection was inspired by the noble Bismarkia palm, with its oversized fronds. Marjorie Skouras, who designed the chandelier, has stayed true to her love of nature for this creation. Her passion for the Yucatan, the surroundings in which she lives and through which she translates the flora and fauna into dynamic products in her studio, shines in these steel fixtures covered in gesso white. The spiky ornamentations that splay around the bulbs bring immediate texture to the white chandelier.

BISMARKIA

Sawgrass 6 lt Chandelier
QN-SAWGRASS-6-DG-O

SAWGRASS

The silhouette of natural sawgrass serves as a muse for the Sawgrass series. The sharply defined shapes surround and cup each opal glass shade with organic design appeal. With a luxurious Distressed Gold finish and details borrowed from traditional lighting motifs, such as torchiere style lamp holders and chain supports, Sawgrass has a timeless appeal suitable for any setting.

Somerset 1 lt Medium Pendant
QN-SOMERSET-P-O-HB

SOMERSET

Chic and elegant, the Somerset collection exudes a quiet and precise sophistication. Subtly fusing modernity with vintage appeal, its etched opal or clear seedy glass deftly floats inside a streamlined frame while understated turned metal knobs add an authentic edge. This classy collection is available in Heritage Brass, Brushed Nickel and Black finishes.

TABLE & FLOOR LAMPS

With over 100 models to choose from with styling that varies from Artistic elegance to mid-century influences, these floor and table lamps give exceptional design and quality options. The majority of these products feature some element of artisan craft in their construction, blending colour, material and design making them truly beautiful pieces.

In many cases, if the shade fabric, colour or style is not exactly to your requirements, then consider asking about our custom-made shade options.

WARRANTY INFORMATION

GENERAL 2 YEAR WARRANTY

All fittings supplied from this catalogue, both interior and exterior, have a manufacturer's minimum guarantee of 2 years. This means that in normal and fair service, (and without incorrect or inappropriate installation or location), any product sold by Quintiesse or its partners should have no fault develop within a minimum of 2 years from purchase. Any fault that is found is covered by guarantee to be repaired or replaced at the suppliers cost, within this period.

3 YEAR ANTI-CORROSION WARRANTY

Many outdoor fittings have anti-corrosion guarantees stated on each relevant page. This guarantee relates to the corrosion of paintwork on cast aluminium or steel fittings, and excludes locations within 5 miles of the coastline. Fittings that have been damaged, repainted or cleaned with an aggressive cleaner may be excluded.

5 YEAR ANTI-CORROSION WARRANTY

This guarantee relates to the corrosion of paintwork on composite or solid brass parts. In the instance that fittings have been damaged, repainted or cleaned with an aggressive cleaner they may be excluded from the entitlement to a replacement.

GENERAL NOTES

ALL Quintiesse warranties/guarantees do not cover out of pocket expenses or consequential costs.

Prior to agreeing to replace any fittings, the company reserves the right for the original seller or a representative of the company to inspect the damaged parts and for photographic evidence to be supplied.

We and our suppliers constantly try and improve products and we reserve the right to alter small specifications & design or finish details without prior notice.
